Sir:

On November 24, 1963 at approximately 11:15 A.M. I was etending in the basement of the Police building ee part of a security guard. I was etanding about five feet from the door of the jail. Mr. Oswald wee led by me and I was attempting to keep people away from him. I was etanding just behind Mr. Oswald end saw a flash and heard e shot. I saw Mr. Oswald fall and thie man was then fecing me but he was crouched over. I caught a glimpse of a pistol he had in his right hend. I attempted to get the pistol and grabbed his arm. At that instant someone else grabbed the pistol and several other officers were helping to subdue him.

We then took the suspect into the jail office and searched him. Some other officers placed him on the jail elevator end I was ordered to go to Parkland Hospital to help the officers there.

Respectfully submitted,
